To Whom It May Concern:

As the City of Jacksonville continues to grow, the need for affordable housing has become more prevalent; especially for certain populations as Veterans and Senior Citizens. It is vital that the City, the business community and development companies collaborate in such a way that these needs be addressed, as well as provide low-income citizens a safe and stable environment.

Please accept this letter as a statement of support and endorsement for the initiative to bring affordable housing, through revitalization of a current complex, at 4646 Moncrief Road being created by New Jerusalem Transitional Housing LLC and District of Soul Business Association NP.

I am hopeful that this project is a continuation of our City's commitment to help those in need and align with the continuing development of strong and diverse neighborhoods.

If I can provide more information or assistance regarding this letter, please do not hesitate to contact me.

Best regards and in faith,

Reginald Gaffney
